HOMETEXTILE

ABOUT US

Founded in 2016, Decotias is a home textile brand based in Türkiye.
Our journey began with contract manufacturing for established brands,
giving us the production experience that continues to shape our own collections today.

We create tablecloths, table runners, decorative cushion covers
and floor cushion covers that bring colour and character to living spaces.
Coordinating patterns, carefully selected fabrics and thoughtful finishing
details allow our products to work beautifully together or stand on their own.

From design to sewing and packaging, we take care at every stage of production.
Alongside our Decotias collections, we offer custom production for businesses,
with options tailored to their design and size requirements.

Serving both retail and wholesale customers in Türkiye and international markets,
we combine our manufacturing experience with a personal approach to building
lasting business relationships.

Upon request, cushion covers and floor cushion covers
can also be supplied with inner fillings, vacuum-packed for shipping.

Custom Production for Businesses

“We offer custom production tailored to your business,
with design and size options to suit your collection.”
